

Age Care Association

Centro de Salud (Health Centre)

The following list of some of the Spanish National Health Service (SAS) health centres on the Costa del Sol will be useful when you need to access health care. As southern Spain is becoming increasingly popular for residential tourism there will clearly be a need for additional health centre facilities to be available for older people. This list, therefore, cannot be definitive. However, it will be updated as appropriate.

Malaga

Centro de Especialidades (Specialist Centre) J. Estrada Tel: 952 224 403

Limonar Tel: 952 223 376
